Subject: RE: URGENT INVESTIGATION REQUIRED. Abuse in Care Homes, Refusal of Health Care to the Disabled, Alberta COVID Data manipulations (confirmed by the Health Minister) and the AHS internal systems hacks and more.

Importance: High

Premier Smith et al.

Please can you comment on the below and attached and set up an urgent meeting as requested.

To all Media in Canada and beyond, why are you not asking questions?

Kean Bexte Tweeted that the Premier's office confirmed the memo was a fake and then stopped reporting on it. Why did he not follow up? Why did none of the media follow up on a clearly true story of special interest to Albertans? The statement that the memo was fake was clearly false accompanied by misinformation from AHS Media on Twitter.

So, why is the Premier's Office lying about something as simple as the hiring of a Dr. (no matter how unpopular they are)? Why is AHS trying to cover up the lies?

I know what else the government and AHS has lied about. All this has been sent to you in letters your office continues to ignore. People are suffering and dying while you continue to ignore this. How many more bodies are you willing to pile up before your conscience and duty get the better of you all?

Do I have to return to the legislature grounds to speak publicly as I did from 2020 to 2022? Will you listen to me then?

Add this to excess deaths which are off the charts in Alberta, Canada and the UK and beyond. Yet silence from you all. At least Dr. Peter McCullough is paying attention to me.

Why not you?
